

Live interpretation for interactive virtual & hybrid multilingual events!

71%

of event planners plan to keep their events as least partially virtual, even after returning to in-person meetings

What sets Boostlingo Events apart from other interpretation and video conferencing platforms?

- Fully multilingual user experience, including translated chats, slides, polling, and Q&A's
- Multiple event modes — let your host have full control over the event flow
- Live captioning for every language being interpreted
- Hands-on training tailored for presenters
- One-click meeting access for guests
- High quality audio feeds for real-time interpretation
- Best-in-class interpreters sourced for your team
